INFULENZA SITUATION HERE NOT SO REASSURING.

That the influenza situation in Bourbon County is becoming alarming is more apparent each day, with many new cases of the disease reported by physicians. With the whole-hearted co-operation of the people and the City and County Boards of Health it is hoped that the disease may not reach the proportions of an epidemic.

At a meeting of the Bourbon County Chapter of the Red Cross, at which the members of the Board of Health were present, the situation was discussed from every angle and drastic means will be taken to compel everyone to strictly adhere to the rules laid down by the State and local Boards of Health.

It has been proposed to use the Masonic lodge rooms in this city, and perhaps the Y. M. C. A. building to be taken over as emergency hospitals, in case the Massie Memorial Hospital should be unable to care for a larger number of cases than its capacity.

An order was received by Mr. Geo. R. Davis, Saturday night to bring his ambulance to the farm of Mr. Edward Simms, on the North Middle-town pike, formerly the E. K. Thomas place, to bring ten people who were afflicted with the disease to the Massie Hospital. The J. T. Hinton Co.'s ambulance has also been busy on similar errands.

The Board of Health urgently requests everyone to remain at home as much as possible, and to refrain from gathering in crowds on the streets or their homes. With everyone using the proper precautions to prevent the further spread of the disease it is thought it will soon be gotten under control.

The Board of Health is making a special request of the people of this city, and all others who may be in the city, who happen to have a cold, not to spit on the pavements or in public places in the city, as the germs are liable to get in the air and infect someone. This is one of the most fruitful forms of spreading disease, especially diseases of the character of influenza. The Board is empowered to compel an observance of this request as a fine of \$5.00 can be imposed for each offense, under the provisions of an ordinance passed by the City Council. But they trust that a sense of decency and a realization of the obligations everyone owes to someone else, will impel the people to strictly observe the anti-spitting order.

In a large number of cities in the United States a fine of \$5.00 has been imposed for failure to cover the mouth and nose with a handkerchief or other germ-absorbing substance when sneezing or coughing. Now, will not our people be careful and show their appreciation of others' welfare and not scatter disease by a little carelessness.

With regard to the necessity of opening an emergency hospital, Miss Boehme, Superintendent of the Massie Memorial Hospital, stated yesterday:

"We have just completed arrangements for the care of twenty-two additional patients suffering with the influenza or pneumonia, and if an emergency arises we can, by utilizing other available space, take care of fifty additional patients. Massie Hospital now has only five cases of the influenza, all of which are doing well."

The Louisville & Nashville officials report a total of 167 cases of the influenza on this division Saturday, with new cases developing daily. The Board of Health has issued positive orders, which the police have been instructed to see carried out to the very letter, that no Hallowe'en celebrations be allowed. Persons will be prohibited from appearing on the streets in masks or other Hallowe'en costumes, and no gatherings of over eight persons will be permitted.

"Conditions have arisen," said a Paris physician, "where the most drastic measures will have to be evoked if the people do not come to a full realization of the danger they are facing. In the minds of many there exists a doubt as to the seriousness of the situation, so they are prone to get careless and indifferent as to the precautions urged by the Board of Health."

At a meeting of the Bourbon County Red Cross, presided over by Mr. A. B. Hancock, definite plans and arrangements were made in combating the influenza here. Members of the Board of Health and Mr. Chas. G. Daugherty, City Health Officer, were present, and took part in the proceedings. It was determined to follow a plan of preparedness so that in the event that it became necessary rooms might be available to take proper care of every poor person in the city who may become victims of the disease, and to keep them isolated.

Barbers were notified that failure to wear masks while serving their customers would be sufficient cause for their places of business being closed. At every home where there is a case of the influenza cards announcing that fact must be posted up in a conspicuous place. Main street will be flushed every day when practicable, as a part of the sanitary plan in handling the situation.

A request has been made by Dr. J. M. Williams, of the Board of Health, that the people of the city and county refrain from calling their physicians over the telephone for the purpose of making useless inquiries. He stated that the physicians of the city and county are working night and day in trying to take care of the sick and that they are often compelled to lose very valuable time in replying to tel-

GERMANY MAKES REPLY TO PRESIDENT'S LATEST DEMAND.

COPENHAGEN, Oct. 28.—Germany's answer to President Wilson's latest communication says:

"The German government has taken cognizance of the answer of the President of the United States.

"The President is aware of the far-reaching changes which have been carried out and are being carried out in the German constitutional structure, and that peace negotiations are being conducted by a people's government in whose hands rests, both actually and constitutionally, the power to make the deciding conclusions.

"The military powers are also subject to it.

"The German government now awaits proposals for an armistice, which shall be the first step toward a just peace, as the President has described it in his proclamation.

(Signed) "SOLF."

LONDON, Oct. 28.—The German Reichstag by a great majority has adopted a bill placing the military command under control of the civil government, according to an Exchange Telegram dispatch from Copenhagen.

BASEL, Oct. 28.—Austria's rejoinder to President Wilson's note is ready, according to Vienna papers. It was submitted to authorized quarters and will be sent at once to Washington. It is couched in the most conciliatory terms.

U. S. ENGINES IN USE ON THIS DIVISION.

The hoarse whistle of the new U. S. freight engines of the Louisville & Nashville leads people to think a trolly train is en route through Paris. These new engines, sixty of which were built by the Baldwin Locomotive Works for the Louisville & Nashville, are veritable monsters of steel, and perform wonders in hauling long trains of heavily-loaded cars. One of these engines passed over this line through Paris, Saturday, drawing eighty-five cars. The engines are equipped with an automatic arrangement by which coal is fed into the fire box in a steady stream, insuring plenty of steam. The fireman, by means of a button arrangement, is enabled to control the coaling, and always has on a good head of steam. The Louisville & Nashville will place several more of these big engines on this division. Owing to light rails on the Maysville division the engines cannot be used on that line.

phone inquiries from people asking about the condition of sick patients.

The influenza situation in Kentucky has not improved and may be said to be worse in the State as a whole, although conditions in military camps and in Louisville are much better, according to Dr. John G. South, president of the State Board of Health, who said there is no prospect of an early raising of the ban even for outdoor meetings of any kind. A meeting of the Board of Health will be held in Louisville tomorrow.

Dr. South said that while medical authorities believe the epidemic will soon decline, it was thought that the crest has not yet been reached. Conditions in Central Kentucky, where the number of cases decrease daily, are much better than in the eastern and western parts of the State, where the American Red Cross is doing much to better the deplorable situation by providing doctors and nurses for the stricken district. Barren and Muhlenburg counties are suffering as much from the disease as the worst districts in Eastern Kentucky, he declared, and while such conditions prevail in any part of the State the Board of Health will continue its restrictions.

With the election a little less than a week off, Dr. South said the Board will not consider outdoor political meetings or speakings, and that tentative plans of campaign managers for such events must be abandoned.

With the general health of the State, which, because of the influenza-pneumonia epidemic, has been in dire peril for more than a month, greatly improved in many communities, although the condition is a bit worse in a few counties, the Kentucky State Board of Health has called a conference for tomorrow to determine whether to lift the closure which was established October 6. The meeting will be held in Louisville.

Dr. McCormack said the purpose of this meeting is to decide whether, in the opinion of the Health Board members and those whose testimony will be requested, it will be safe to remove a majority, if not all, of the restrictions, by the latter part of the week.

"I am quite sure it would not be wise to relax, at this time, any of the preventive measures in force, but it is possible that they can be made less drastic within another week," Dr. McCormack said.

WE ARE NOW BACK TO THE OLD TIME AGAIN.

At two o'clock Sunday morning the United States reverted to the normal time standard by turning all clocks of the nation back one hour. Thus Uncle Sam returned to Father Time the hour which is no longer of use to him, but which has served the country well during the late spring, summer and early fall, and saved many hours of valuable daylight.

Sunday morning was chosen for turning the clocks and watches back, just as a Sunday morning was chosen for turning them ahead, because that is the dulllest time of the week and few trains are scheduled to make their departure. Many Paris people did not wait until even midnight, but turned their clocks and watches either back one hour or eleven hours ahead, which brought the same result. Many remained up until midnight, so as to make the change exactly at that ghostly hour. Most housekeepers made the change in time before retiring Saturday night. It had been suggested by clockmakers that the clocks not be turned back, but that they simply be stopped for one hour and the pendulum started again. In this way it was possible to avoid the injury to the works, said to result when the hands of a watch or a clock are turned backward.

Personally THE NEWS regrets the reversion to the old time, as the world seemed to be getting along famously under the new arrangement. The shank of the evening now comes in the deepest twilight, and in a few more weeks it will bring five o'clock in utter darkness.

STOVES, STOVES.

LIGHTLESS NIGHTS AGAIN TO BE OBSERVED.

Mr. Lafon Allan, of Louisville, has been appointed Director of the Enforcement of United States Fuel Administration for Kentucky. The County Chairmen are requested to see that lightless nights, which are Monday and Tuesday nights, be observed. Violators are liable to a fine or assessment of not less than \$5 or more than \$100, which will be given to the Red Cross. Any violator so desiring may make appeal to Mr. Allan.

NEXT THURSDAY LIKELY TO BE QUIET HALLOWE'EN.

This will bring us to the close of October, the beautiful month of Indian summer, which has been so ideal this year, for the weather is something all may enjoy to the fullest extent without feeling that they are depriving anybody of anything, free to all and a sure cure for the influenza.

Hallowe'en will come on next Thursday, and its approach is evidenced by displays in some, not all of the show windows in Paris stores. It will not be observed with innumerable parties as in former times "before the war" or with any indoor gatherings on account of the influenza. There will not be many fortunes tried, as all the Paris girls will prefer to wait until our soldier boys are back home again before risking seeing the wrong face in the mirror or looking down the dark stairway without a glimpse of a uniform.

The usual Hallowe'en pranks will be tabooed, the people then perhaps taking time to realize the true meaning of the season, that of invoking the blessing of the spirit of goodness and charity for the poor and unfortunate of the earth and bespeak for them a share in the plenty and abundant harvest of the autumn, thereby ushering in the Thanksgiving month of November. These spirits are supposed to be out in full force on the night of Hallowe'en, and bringing happiness to those who believe that good will always be in the ascendency for the well-behaved and those who are careful not to provoke others to wrath.

The Red Cross Tea Room will serve a special menu composed of all the good things that usually make up a Hallowe'en dinner. This will be served in the Rooms from 5:30 in the afternoon on up to a late hour Thursday night. There will be music, fortune-telling, and other amusements that obtain on Hallowe'en, all in the subdued spirit of the times, in view of the war and the influenza.

Our people must not let anything interfere with all the things necessary for efficiency. They must be made finer all the time, and perhaps by next Hallowe'en there may be the greatest Victory parade, the greatest Columbia torchlight procession and the greatest Hallowe'en celebration this city has ever known.

LOCAL GROCER WINS AWARD IN MILK PRODUCTS CONTEST.

Mr. Fred Weckesser, of the Busy Bee Cash Store, in this city, was one of the prize-winners in the window display contest inaugurated some time ago by the Carnation Milk Products Co. Inasmuch as this contest included the United States and Canada, and was participated in by thousands of dealers, it reflected great credit upon the enterprise and ability of the Busy Bee Cash Store, when it was included among the successful contestants.

IN THE SERVICE OF THEIR COUNTRY.

The influenza tackled two fine Bourbon county boys some time ago, Corp. Teddy Shannon, and his brother, Mike Shannon, both of this city, and in the encounter the influenza was finally knocked out. Both are doing well. Both are stationed at Camp Lee, in Virginia. Teddy is a member of the Bolloon Replacement Corps, in the Aviation service.

The 113th Battalion U. S. Signal Corps, has reached France, after having spent nearly two years in intensive drilling and camp life at Camp Shelby, near Hattiesburg, Miss. Lawrence H. Hill, son of Mr. and Mrs. George M. Hill, and Clem Moran, brother of Mrs. Jas. E. Craven, of Paris, have written back home, announcing their safe arrival. Several other Bourbon county boys are with this battalion.

Maj. Ellis Duncan, well-known in Paris, former Coroner and prominent physician, of Louisville, has arrived safely overseas. Mrs. Duncan, who accompanied him as far as New York, returned Friday to Louisville. Major Duncan has at various times been a guest of Mr. J. Quincey Ward and other Bourbon county sportsmen at the live bird and clay pigeon tournaments at the Hill Top Gun Club's grounds, near Paris.

Mrs. Taylor T. Chandler, of Paris, recently received a letter from her brother, McVey Howard, stating that he had been transferred from the Brooklyn Navy Yard to one of the ships now in South American waters, somewhere near Argentina. Young Howard has been in the naval service for several years, having enlisted during the trouble with Mexico. He has seen a great deal of the world from the time he entered the service up to the present time.

Sergt. Newsum Keller arrived in Paris, Sunday, from Pigeon Point, near Wilmington, Delaware, on a ten-days' furlough visit to his mother, Mrs. A. H. Keller, and family. Sergt. Keller was transferred on special duty from Camp Shelby, at Hattiesburg, Miss., to Ft. Niagara, then to Pigeon Point, near Wilmington, Delaware. Sergt. Keller was a member of Co. B, 113th Battalion, U. S. Signal Corps, which was stationed at Camp Shelby. He says he feels decidedly homesick, with all the rest of his command in France, and hopes to be able to join them soon. Sergt. Keller is in excellent health.

Under date of Oct. 24, Mr. Nathan H. Bayless, recently of Paris, who enlisted in the Veterinary Corps of the U. S. Army some months ago, and was sent to Camp Lee, Va., writes THE NEWS as follows:

"I arrived here from Camp Lee, Virginia, yesterday, October 23, and I expect to leave here in a few days to go across the Atlantic to where big things are going on. I would like very much to get THE NEWS. I like to hear from the old town and the friends back home. I wish you would try to get THE NEWS sent to me while I am here. I am well and feeling fine, and I am anxious to get across. I am in the Sixteenth Veterinary Hospital Unit."

To be reported as being killed in action, and yet turn up alive, and then reported as missing in action, and yet able to be found, is the situation in which a former Bourbon county boy, Private John W. Sergeant, of North Middletown, finds himself. In the War Department's report of the casualty list some time ago young Sergeant was reported as having been killed in action, and later as missing. A few days ago his father, Mr. W. R. Sergeant, received a letter from his son, written from a French hospital, in which he stated that he had been wounded in action in one of the battles on August 20, and had been taken to the hospital. He said that owing to the nature of his wounds, he had been unable to write before. He is improving.

One of the Bourbon county nurses, who is doing splendid work in nursing the influenza cases at Camp Buell, in Lexington, writes THE NEWS, in part, as follows:

"We certainly appreciate THE NEWS here. After I read it I take it back to the Hospital, and read it to one of my patients, a Mr. Tate, from near Shawhan. Then I take it over to the other Hospital and read it to a Mr. Smart, who came here from our near Ewalt's Cross Roads, in our county. So you can see that THE NEWS is bringing good cheer to the Bourbon county boys, as well as to the tired nurses. We are holding down the influenza pretty well here at present. With over three hundred cases we have had only four deaths. About sixty of the boys have recovered sufficiently to permit returning to their homes, and they certainly were a happy lot when they left. They tried to express their gratitude for what we had done, and we understood just how they felt. Three of the nurses are down with the influenza. Two were taken out of the room where we sleep—Miss Nelson, of Newport, and Miss Senist, of Covington, also Miss McChrystal, of Lexington, who was head nurse at the Massie Memorial Hospital in Paris, about six months. I have had care of all three cases. The people of Lexington are helping

BOURBON WOMEN PRAISED FOR CONTRIBUTIONS TO CAMP TAYLOR.

Mrs. Nellie Highland, of Paris, who had charge of the recent campaign in this city and county for contributions of eggs and poultry to the sick soldiers at Camp Taylor, received a letter from the hospital authorities, stating that every need had now been amply met, and that the Hospital was abundantly supplied with these articles. Mrs. Highland also received letters from F. W. Lenz, First Lieutenant, S. C. Mess Officer, at the Base Hospital, at Camp Taylor, thanking the good people of Bourbon county for their generous response to the appeal for poultry and eggs and other articles so badly needed for the men.

With the needs of the men at Camp Taylor satisfied Mrs. Highland has now turned her time and attention to the situation in Paris. In conjunction with Mrs. Louis Taylor and Miss Elizabeth Steele, she is using contributions of eggs and poultry in preparing food for the sick of Paris and the county who are unable to provide these for themselves. Mrs. Harriet Minaker, Visiting Nurse of the Bourbon County Health and Welfare League, is attending to the work of distributing the broths, soups and other foods to the sick.

Mrs. Highland and Mr. Charles P. Mann, who were mainly instrumental in taking care of and shipping the donations to Camp Taylor, desire through THE NEWS, to thank the people of Paris and Bourbon county for their generous response, and to assure them that if they could but know how much good their donations have done in the cause of humanity, and relief of sickness among the boys in the camp, they would feel more than repaid.

RED CROSS NEWS GRENADES

The Scottish Women's Hospitals in England have received an additional \$150,000 from the American Red Cross, making a total of \$325,000.

The American Red Cross has given \$240,000 to the Roman Committee for Civilian Relief, for use during the war, for distributing subsidies and giving information to soldiers' families.

Peasants in the country districts of Italy are practically unaffected by the world-wide food shortage. They have vegetables in plenty and goats supply most of the children's milk. Red Cross relief work is mostly for the cities and towns.

The maternity hospital at Toul, France, now has the assistance of the American Red Cross in caring for the children born there. Medical supplies and clothing are being supplied. Care of the babies until they are two years of age has been arranged for.

Thirteen Belgian military hospitals, accommodating about 9,000 men, are now receiving Red Cross aid, and directly back of the firing line, through the assistance of the Red Cross, instant attention for soldiers too badly injured for transportation to the hospitals is being arranged for at surgical posts for 300 first line surgeons.

The Red Cross is going into the dairy business in France. With \$5,000 set aside for the purpose and with 1,000 cows loaned by the French government, a model dairy plant will be established at the largest American army hospital in France. The dairy will be operated by convalescent soldiers. Fresh milk daily for 20,000 injured fighting men is expected. Similar dairies at all of the French base hospitals are contemplated.

us nobly, and everything is being done that can be done to get these boys well again."

Private Leo A. Welch, of the Twenty-seventh Trench and Motor Battery, who has been visiting his mother, Mrs. Mary Welch, and his sister, Mrs. James H. Shea, has returned to Camp Bowie, at Ft. Worth, Texas.

A letter was received here a few days ago by Rev. Dr. B. F. Orr, from his son, Capt. (Dr.) Jas. A. Orr, who is a member of the Medical Officers Reserve Corps of the army in France. Capt. Orr stated that he was in fine health and thoroughly contented.

Miss Annie Camden, daughter of former United States Senator Johnson N. Camden, of Versailles, who volunteered her services to the Government for nursing has received her call and will leave for Ft. Oglethorpe, Ga., tomorrow. Miss Camden is well-known here.

Rene Clark, formerly of Paris, writes THE NEWS that he has been transferred from the Great Lakes Naval Training Station to the Naval Base Hospital, at Hampton Roads, Virginia. Mr. Clark stated that he has had a scrap with the influenza, and had come out victor in the contest. He indicated that he would very likely be overseas soon. Young Clark is a member of Unit B, Co. 160, U. S. Naval Operating Base, at Hampton Roads, Va.

EDITORIAL MUSINGS.

A Long-Headed Move.

The old express companies had a hard problem to figure out, when they were left in the trenches and dugouts, where they had been almost forgotten in the process of the creating of the Railway Administration.

All the activities and methods of rendering service were consolidated in the express business, and a system for a division of responsibility as well as the distribution of profits was devised in such a manner as appears to have really given Uncle Sam a very fine chance to pick up some easy money.

The Cost of Living.

Official statistics based upon data obtained from forty-two large cities in different parts of the United States, indicate that the increase in the cost of living will average: Food, 52 per cent; rent, 10 per cent; clothing, 44 per cent; fuel and light, 31 per cent; sundries, 35 per cent.

true increase, because when prices are rapidly rising, cheaper articles are substituted by the producer as well as by the consumer. It is indicated that the rate of increase at the present time over that of January would be obtained if about 6 per cent or 7 per cent is added to all of the above figures.

That the people as a whole have accepted a lower standard of living is proven by the official figures showing that the actual increase in annual expense runs from twenty-three to thirty-one per cent in different sections of the country.

It is likewise interesting to follow the industrial situation, and to find out how it is hit by economic changes. The labor situation has become a big problem in all industries, owing to the rapid increases in wages. The cost of materials, fuel and transportation has added to the burden of the situation.

Disabled Soldiers in Industry.

The Federal Board for Vocational Education, assisted by the United States Employment Service, proposes to make a real job out of the task of placing disabled soldiers and sailors in industrial employment.

For a long time England permitted volunteer associations to find jobs for the disabled soldiers, and the plan proved an absolute failure. Too many employers offered to take the boys in and give them jobs on the assumption that it was their patriotic duty to help the disabled. It didn't work!

The American Government is following the latter course, and it is training soldiers for industrial employment, spending six months or more on each man. When he is prepared for employment a place is found, and he is sent out to earn his living in a way that makes him absolutely independent; and the proposition balances dollar for dollar between employer and employee.

Digging Coal For Pershing.

One day last winter, when the coal famine was at its worst, a Senator from Ohio recited the blunders by reason of which the great coal-producing State was deprived of even enough fuel to keep its University open and its people from freezing.

Short On Foresight

Secretary of the Interior Franklin K. Lane, remarks: "The thing democracy is short on is foresight." Incidentally it may be said that Mr. Lane is the only Cabinet officer who has definitely put forth a plan for meeting the conditions that must exist after the war.

Women and Greasy Jobs.

There is on file in the Employment Service of the Government a list of more than 250 distinct occupations women are filling in industry. They are learning to read blue prints as well as dress patterns, and to handle hammers without losing the iron nails or those on their fingers.

An anonymous resident of Natal, who has returned from active service, has offered, rent free for five years, a 4,000-acre farm for the use of returned soldiers.

MAJORITY MAY DEPEND ON KENTUCKY.

In his Mayfield speech, Senator Beckham said that by reason of accident and death the Democratic majority in the Federal Senate is very small, and several Democratic Senators are running in States normally Republican.

It is consequently of the utmost importance that not only Democrats, but all who appreciate the efforts of the President in the great crisis of a world war, to support the Democratic nominee in the Senatorial contest. Upon his vote may depend the fate of nations, as upon no hypothesis, would it be cast except to aid and support the policies of the man upon whose shoulders rests the greatest burden ever imposed on a mortal.

GOVERNOR PROCLAIMS NOV. 2 AS FIRE PREVENTION DAY.

Governor Stanley has issued an official proclamation designating Saturday, November 2, as Clean-Up and Fire Prevention Day. In the proclamation the people of the State are urged to make a general clean-up on this day of all the rubbish around their premises, and to take all precautions that will eliminate or at least reduce to a minimum the danger of fire.

"I, A. O. Stanley, Governor of this Commonwealth, therefore designate Saturday, November 2, 1918, as Fire and Accident Prevention Day, and upon this day call upon the people of this Commonwealth to remove from their premises all substances which are liable to produce fire. See that all the heating devices and chimneys are in safe condition. I recommend the closest inspection, especially of storehouses and manufacturing plants, hotels and factories, and call upon the local authorities to give careful attention to fire prevention, fire protection and the prevention of accidents.

WAKE UP, DEMOCRATS!

One week from next Tuesday is the election when Kentucky will choose a United States Senator and eleven Congressmen. In Bourbon county the Democrats appear to be in a state of lethargy, or, in other words, they are asleep at the switch at a very crucial time.

OURSELVES AND CANADA

Pessimistic Americans and Americans who hesitated to support the Fourth Liberty Loan to their utmost should review the achievements of Canada. Canada's last Victory Loan was subscribed to the amount of \$418,000,000, which on the basis of population is equal to a \$6,000,000,000 bond subscription by the people of the United States.

DO IT NOW.

Paris People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due largely to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them. Here is a Paris case:

Mrs. Chas. McCord, S. Pleasant street, says: "I have used Doan's Kidney Pills at different times, getting them from Oberdorfer's drug store, and I have found them a splendid medicine. Whenever my kidneys have acted irregularly or my back has been weak and lame, I have found a box or so of Doan's Kidney Pills has been sufficient to cure me of the attack."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McCord had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

A huge map of Europe was blocked out on the city square in Franklin, Pa., and each bond buyer permitted to lay a brick on the road to Berlin. Berlin has already been "captured" and the purchasers are on the return trip building a bridge to bring the boys back home.

SELL GERMAN FARM.

The ancestors of Michael Auck's family came from Crawford County, O., 70 years ago from the kingdom of Wurtemberg, Germany, and bought a farm of 150 acres in Whetstone township. The farm was sold last week for \$22,000 and every dollar invested in Fourth Liberty Bonds.

When they are engaged he wants her because she is different from other girls. And when they are married he wants to get rid of her because she is so different from other women.

AMERICAN PACKERS HELPING IN THE WAR WORK.

American packers are doing far more than merely furnishing meat foods to the soldiers and sailors of the United States and her allies, according to C. S. Churchill, Advisory Superintendent for Swift & Company, who addressed the American Meat Packers' convention recently.

"The general public realizes little of the work that the packer is doing to win the war," said Mr. Churchill. "We are furnishing a great deal of material for the manufacture of munitions, including glycerine, potash and sulphuric acid. Our sheep skins are used to manufacture cold-proof coats."

"Every pound of wool that we have is taken by the Government as fast as we produce it, and the price is fixed by the Government."

"There isn't a pound of stock food manufactured to-day that is not being used to help win the war, because it goes to put weight on live stock that is badly needed by our soldiers and sailors."

"The tons of fertilizer which we manufacture aid in growing more crops that will be used later to feed more soldiers to fight the Hun. Glue has its use. Soap certainly is a big item. Albumen is another highly important product of the war."

"We, of Swift & Company, believe in giving credit where credit is due and I want to say that our labor has performed cheerfully the giant-tasks set for us by the Food Administration. No order has been too big, no job too overwhelming for them."

"Recognition of this willingness to serve has resulted in an increase for male labor totaling more than 100% since February, 1916. In the case of our female help the increase has been even greater, this help now receiving 165% more than in 1916."

To take care of the war business, Mr. Churchill said that all the packers in the country had been forced to build new freezer and buildings of every description at a cost two to three times greater than pre-war cost.

He paid tribute to the government inspectors of the Bureau of Animal Industry and of the army who select the meat, and said:

"In addition to the safeguard that this is to the soldier and sailor, it is a safeguard to us. It safeguards us from attack from those who for their own personal aggrandizement or for other reasons may seek to criticize unjustly one of the few industries that in the early days of the war, and up to the present time, has continued to supply our Government with what it wanted, as it wanted it, when it was needed, without quibble as to price."

"That is a record of which we should be proud, gentlemen. It demonstrates that we are doing—not our bit, but our full share toward winning this war, doing it cheerfully, willingly and because we are in this war to win, and to win, our soldiers must be fed and fed with good food."

SENATOR JAMES' LAST APPEAL.

In the course of his last speech delivered in the Senate by our beloved Ollie James, in answer to capricious criticisms of the President, defended his every act and deed with great power and burning eloquence and used these words, which are as applicable now as when delivered and should mark the action of every loyal man:

"President Wilson walks the tight rope, it stretches across the sea with its wrecks and dead. He holds in his hands the richest treasure ever lodged in the keeping of one man since God said let there be light. The treasure is our very life, our liberty, our institutions, our homes, our firesides, our all. Gentlemen, let me plead with you—plead with all Americans—do not shake the rope. Do not badger him. Do not heckle him. Do not annoy him. He will make the journey safely over this ocean of blood and peril. Keep silent! Hold your tongues!"

Can any Democrat or other admirer of the eloquent utterer of these words do less than help send a man to succeed him, who is in the fullest sympathy and who in life was one of his closest friends? It would be a calamity for other than Governor Stanley to succeed the lamented James, which fortunately is not likely to be done.

HIGHER PRICES ALLOWED FOR NEWSPRINT PAPER.

Because of increased cost of labor and transportation, the Federal Trade Commission, in a finding, granted increases in prices for standard newsprint paper, establishing as fair maximum prices for the period from July 1 the following: \$3.75 1/4 per hundred pounds f. o. b. mills or roll news in carlots; \$3.87 1/4 for roll news in less than carlots; \$4.15 1/4 for sheet news in carlots, and \$4.27 1/4 for sheet news in small quantities.

The new prices, it is estimated, will allow manufacturers an average profit of \$19.75 a ton, but do not include the increases asked because of higher cost for wood used as pulp. Three rates were fixed as bases for adjustments for paper already delivered on contracts.

VICTORY IN THE AIR.

With the election but a few days away, the Democratic situation is most gratifying to every one who would uphold the President and give him that unflinching assistance for which he has asked, by sending the real friends of the administration to his aid. The factions of the party emulating the example of Beckham and Stanley are getting together in a way that means victory and the putting of the enemy to rout. The Republicans make claims not sustained by the facts, as they always do, but if they believe the stories they tell there is going to be a sad awakening the morning after. Brag is a good dog, but Hold Fast is better. Baseless claims fool nobody, but fools. The voters have decided that they will elect Stanley and the renominated Congressmen and by the eternal they are going to do it. It is all over but the shouting.

GETTING RAPIDLY TOGETHER.

From the visitors and from the reports that come to Democratic Headquarters in Louisville from all over the State the gratifying statements are made that Democrats are getting together with enthusiastic unanimity that means unity and strength and insures the election of Governor Stanley to the Senate and the Congressional nominees to succeed themselves. The people everywhere are awakening to the great importance of the election and giving the President the support of his real friends and the indications are that the November election will tell a tale that will fire his heart with renewed determination to bring the war to a speedy and victorious end.

He is improving slowly. (Other Personals on Page 5.)

The Autumn Welworths Are Here---and the Price is Still Unchanged

—Here's an announcement of which we are justly proud, for it evidences many things about which a real service-giving store has a right to feel proud.

—First, it stresses the point that we will keep prices as low as we can as long as we can.

—Second, it proves the benefit to the consumer of our intimate co-operation with worthy manufacturers.

—Thirdly, it exemplifies a style service, which brings us the new styles first, the same styles on the same day as they first appear in the recognized style centers of the country.

These Welworths are still priced at \$2.00. They now and for many months past have represented values that would warrant a much higher price. Before the end of the present year the price must inevitably be increased to \$2.50.

WOMEN'S ACTIVITIES.

At The Red Cross Sewing Rooms.
Friday—Woman's Society of the Baptist Church.
Saturday—D. A. R.
Because Tuesday, Wednesday and Thursday form part of a fifth week in October, no organizations are scheduled for work on these days at the sewing rooms.

From The Cleveland Headquarters.
More than 500 nurses have been assigned to influenza emergency work in Ohio, Indiana and Kentucky since the outbreak of epidemic. With no more nurses available for assignment, requests were received from eight mining communities of Kentucky where the disease is raging and where there is not a trained nurse.

Motor Corps Organized.
The present epidemic has brought forth the necessity for the organization of a Woman's Motor Corps. Already nineteen have enrolled. If there are others who desire and will volunteer their services for the present emergency or for future service, call Mrs. Julian Frank, Chairman, either phone.

Urgent Need For Nurses.
The need for the nursing survey now in progress throughout the country has been made plain by the influenza epidemic. All experienced nurses will please call on Miss Reba Lockhart at registration headquarters and fill out a questionnaire.

Cannot Take Kits Abroad
Limitation of transport space has caused the War Department to prohibit soldiers from taking Comfort Kits abroad. Official notice of this ruling has just been communicated to the Red Cross.

From now on Comfort Kits will be sent overseas by the Red Cross in bulk and will be distributed to soldiers in Europe by Red Cross agencies there.
Notice of all chapters is called to the necessity, more imperative than ever, of sending all kits to the Division Warehouse instead of giving them to drafted men who will not be allowed to carry them overseas.

Result of Cleveland Conference
Emergency bureaus to assist civilian communities and State Boards of Health in combating the influenza epidemic are to be immediately established at Columbus, Indianapolis and Louisville by the Lake Division Red Cross Committee on Influenza.

This was decided at Lake Division Headquarters, Cleveland, at a conference to which representatives of the State Boards of Health of Ohio, Indiana and Kentucky had been sent in response to an invitation from Division Manager B. F. Bourne.

The hope was expressed at the conference that nurses could be made to see that nursing civilians ill with influenza is just as important a patriotic and Red Cross duty as nursing soldiers and sailors. It was also pointed out that many civilians are retaining so-called "luxury nurses" which could easily be spared to assist in the present emergency.

Dr. McCormick, representing the Kentucky Board of Health, stated that school teachers are being used as nurses in that State.
No nurse will be assigned to influenza work except upon the request

of the public health officer of the State, who will receive applications for nurses from the local health officer. The Red Cross State Emergency Bureaus will pay nurses, assigned upon the request of the public health officer, the authorized salary and expenses. Additional compensation, if any, in this emergency is to be paid by State boards of health or by local Red Cross chapters.
A. F. Bently, assistant manager for the Lake Division in Indiana, was named to take charge of the emergency bureau at Indianapolis and R. C. Ballard Thurston, assistant manager for the Lake Division for Kentucky, was appointed to head the emergency bureau at Louisville.

Women's Work Lauded by Admiral.
High commendation for the untiring work of American women for the benefit of American sailors at a French base is voiced by Rear Admiral H. B. Wilson in a letter just made public. Writing at his base headquarters in France, Rear Admiral Wilson sent the following message:

"It gives me great pleasure to express a word of appreciation on behalf of the Naval Forces in France for the work done by the Y. M. C. A. women connected with the Navy Hut at this base.
"By their untiring efforts and genuine enthusiasm for the work, they have done a great deal to contribute to the welfare and contentment of men who are on liberty, and who would otherwise be without means of diversion."

Women workers have contributed greatly to the success of the war welfare work done by the Y. M. C. A., Y. W. C. A., National Catholic War Council K. of C., War Camp Community Service, Jewish Welfare Board, American Library Association and Salvation Army.

INVESTIGATING MYSTERIOUS FIRES.

Deputy State Fire Marshal Ed. Hite, formerly of Paris, has been in Cynthiana, investigating the cause of the many mysterious fires that have visited that city recently. The origin of the three fires, the big Lebus warehouse, the Reister & VanDeren stables, and the Lebus and the Smith & Turney fires, has caused much speculation. Mr. Hite held consultations with Mr. Lebus, Messrs. Turney & Smith and other business men and talked the situation over. Investigation has been made and some evidence unearthed, which, when followed up, may result in arrests being made in a few days.

REMARKABLE INCIDENTS IN THE FIGHT AGAINST "FLU."

An ordinance compelling the wearing of gauze masks by every person in San Francisco as a means of preventing the spread of the influenza epidemic has been passed by the Board of Supervisors at the request of the Board of Health. Penalties for violation are fines ranging from \$5 to \$100, or 10 days imprisonment, or both. The ordinance is immediately effective. Masks may be discarded only in homes or during meal times.

The ban has been practically lifted on the illicit whisky traffic in the mountain section of Kentucky. Physicians recommend the product as good to combat the influenza epidemic and much of the product is being carried overland from the Virginia mountains. As a result of the demand the product has been known to sell for \$50 a gallon within the past few days. Ten dollars a pint has been refused in some instances.

An investigation into the situation in all sections of the Kentucky mountains show appalling conditions. At Sergeant, where Dr. B. F. Wright, of Seco, is working, and where, in some respects, there has been improvement, conditions are still far from favorable, whole families being seriously ill. Thirteen cases are reported in the family of G. H. Blakely, the father, mother and eleven children occupying two small rooms with poor sanitary conditions, each unable to minister to the other.

All courts except the probate and juvenile, in Cleveland, O., were closed following a petition of the Cleveland Bar Association as a preventive in the influenza epidemic there. They will not reopen until November 11. The juvenile court will try only such cases which can not be held over to a future date. City Health Commissioner Rockwood ordered all elevator operators to wear masks.

The influenza epidemic is sweeping Breathitt county, and calls were sent to the Red Cross and Government to assist in caring for the situation. Local physicians estimate that there are 2,000 cases in the county, 250 of which are in Jackson. Practically every mine is shut down or about to close. Reports reach Jackson of many families being in distress, every member of some families being in bed. With only three physicians in the county, a desperate situation exists.

Miss Kittie Reed, stenographer at Hazard, has written to her mother, Mrs. Sarah Reed, of Cynthiana, that when Dr. Whittenburg came to Hazard to combat the Spanish influenza in that place and Lothair, he asked her and several of her friends from the boarding house to go with him to Lothair to help nurse the sick. They found conditions there alarming and cited one instance of two large families living in a double house, every member was effected with influenza and all died except an infant a week old.

ASSESSOR'S BOOKS TO CLOSE.

The Assessor's books will be closed on November 1st. Come in and give your lists of poll and property taxes.
WALTER CLARK,
Tax Commissioner.
JNO. J. REDMON, Deputy.

LOW PRICES FOR HORSES.

Horsemen see in the low prices realized for thoroughbred horses at recent sales the decadence of the running horse as a sporting feature. An instance of this was noted here, when at the dispersal sale of twenty-eight head of brood mares, yearlings and colts at Martin Doyle's Sister Mary Stock Farm, held near Paris, Saturday, the animals sold at ridiculously low figures. Sister Mary, in her day one of the greatest thoroughbreds on the turf, and a producer of several noted turf performers, sold for \$10. The total of the sales amounted to \$2,290, an average of only \$82. Mr. Doyle is retiring from the turf after a period of over thirty years, during which time his string has won some notable events. Mr. Doyle also disposed of a lot of hogs, cattle and sheep at good prices at this sale. The sale was conducted by Auctioneers Geo. D. Speakes, of Paris, and George Bain, of Lexington. There was a large crowd in attendance.

STATE HEALTH BOARD ORDER APPLIES TO COUNTY, TOO.

Notice to the Citizens of Bourbon County:
The order of the State Board of Health of October 6, closing all churches, theatres and other places of public assembly, public funerals, etc., throughout Kentucky, is absolutely mandatory until the influenza epidemic is over.
To correct any misapprehension that may exist, attention is directed to the fact that all orders apply to the country as well as to the towns.

THINGS TO WORRY ABOUT
A Paris druggist told THE NEWS man one day last week that the price of peroxide of hydrogen is getting so high and the supply so very scarce that home-made blondes will soon be a thing of the past. In fact, many have already decided that Nature knows best, and will let it take its course, and they will stop trying to be blondes, though born brunettes.

MILLER WILL PROBATED.
The will of the late Dr. W. M. Miller, who died some days ago at his home in Millersburg, was admitted to probate in the County Court Saturday, before County Judge Geo. Batters. The will, after making certain specific bequests, leaves all his property to his widow, Mrs. Alice Hart Miller. Mrs. Miller and James McClure qualified as administrators with the will annexed by furnishing bond in the sum of \$7,000.

SUPPLEMENTAL REGISTRATION DAYS.

On the three supplemental registration days, Monday, Tuesday and Wednesday of this week, voters who were out of the city or ill on the regular registration day, may register by making affidavit at the office of County Clerk Pearce Paton, in the court house. Any voter who was detained at home on the regular registration day by the illness of a member of his family, may also register to-day and to-morrow by the same method, at the Clerk's office. This is an essential requirement for voters who desire to participate in the Senatorial and Congressional election in November. Don't forget it!

RED CROSS TEA ROOM.

Beginning yesterday and continuing throughout the week, the rooms will be in charge of Miss Martha Ferguson, Chairman, with the following assistants: Misses Nancy Griffith, Rachel Wiggins, Elizabeth Steele, Virginia Wetherall, Mrs. Hope Wiedemann, Mrs. Nelson VanMeter, Jr., and Mrs. James Thompson. The menu for to-day is as follows: Cream of celery soup; chicken cutlets; baked stuffed tomatoes; candied sweet potatoes; peas in timbales; head lettuce with Thousand Island dressing; apple dumplings; coffee, tea, milk. On Thursday, pumpkin pie and other Hallowe'en dishes suggestive of the near approach of the Thanksgiving season, will be served from 5:30 p. m. until late in the evening.

NOTICE TO TURKEY RAISERS
The Food Administration has issued the following to dealers in turkeys:

"Refrain from purchasing turkeys intended for Thanksgiving markets for shipment East after November 16th. Turkeys for shipment to points East must be loaded and ready for shipment not later than Tuesday, November 19th." To comply with these rules we will be compelled to commence receiving turkeys about November 5th.

REPORT OF FARRIS SALE.

Good prices were obtained at the sale of farming implements, stock, crop, etc., belonging to Mr. Jos. A. Farris, formerly of Paris, Friday. The sale, which was conducted by Auctioneer George D. Speakes, of the firm of Harris & Speakes, was largely attended and bidding for the various articles was spirited. Auctioneer Speakes makes the following report:
Pair draft mares, \$350; cows, \$122.50 to \$125 each; yearling bull, \$70; yearling cattle, from \$54 to \$64 each; sow and ten pigs, \$104; sows and pigs, \$84 to \$86 each; corn in shock, \$6.75 per shock; hay in barn, \$27 per ton; sheaf oats, \$32 per ton; two-horse wagon, \$130; hay frame, \$30; tarpaulin, \$31; all farming implements brought very good prices.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Mr. and Mrs. I. C. Ross, of Covington, are guests of Mr. and Mrs. Wm. Dale.

—Mrs. Jos. M. Rion returned Friday night from a visit to her sister, Mrs. Boone, in Vevay, Ind.

—Mrs. Lucy Bishop and daughter, Miss Lucia Bishop, of Lexington, are guests of friends and relatives in Paris.

—Mr. Shelton Irvine, Supervisor for the Louisville & Nashville railroad, is seriously ill at his home with influenza.

—Mr. John Ireland, prominent on the turf as racing judge, is a guest of his sister, Mrs. Mary Ireland Davis, on Duncan avenue.

—Mr. B. B. Trotter, prominent Cincinnati business man, is a guest of Mr. and Mrs. Henry S. Caywood, near North Middletown.

—Mrs. P. H. Lane returned to her home in Philadelphia, Pa., Saturday, after a three-weeks' visit to Mrs. Swift Champe, on Pleasant street.

—Misses Mildred Collins, Elizabeth Marshall and Helen Taylor have returned to North Middletown, from a visit to Miss Elizabeth Dooley, in Winchester.

—Mrs. J. M. Powell, of Winchester, was a recent visitor here, having been called to the sick bedside of her daughter, Mrs. N. B. Hedges. Mrs. Hedges is greatly improved.

—Mrs. O. T. Sprake and Mrs. Robinson Bosworth, of Denver, Colo., are at the sick bedside of Mr. Ossian Sprake, who is seriously ill of influenza at the home of Mr. and Mrs. Clarence Sprake.

—The many friends of Mrs. Wm. Talbott will be grieved to know that at a late hour last night she was reported as being desperately ill and little hope is entertained for her recovery. Mr. Talbott, who has also been seriously ill is improving.

—Mr. and Mrs. John Kiser have returned from Cincinnati, where they visited their son, Dr. Avonia Kiser, who was there en route from the Ann Arbor, Mich., Training School, for the East. Dr. Kiser is destined for overseas duty in the Officers' Medical Reserve Corps.

—Robt. Hall, Everett Hall and Collins Hall, the latter of THE NEWS' carrier force, are ill at the home of their mother, Mrs. Bruce Collins Hall, on Walker avenue. Their sister, Ruby Hall, is also ill. Russell Lenox, another of our carriers, is able to be out again, after several days illness.

REAL ESTATE DEALS.

Mr. William M. Mathers, of Nicholas county, purchased of Mr. A. S. Kimbrough, of this county, the latter's farm, located near Black's Cross Roads, in this county, containing about 138 acres, for a private price. Mr. Mathers will get possession of the place in March.

Mr. James Ockerman, of East Union, Nicholas county, purchased of Mr. James Allison the farm near Millersburg, known as the Ben Thompson place, for \$250 per acre. Mr. Ockerman will get possession in March.

Mr. Claude Fields, of Nicholas county, purchased of Mr. Harry Mann, through the Paris Realty Co., a residence and four acres of land near the water works reservoir, near Carlisle, for \$3,000.

Dr. S. P. Mohney closed a deal yesterday with Dr. D. S. Henry, acting as agent for Mrs. W. A. Wallen, whereby he becomes possessor of the Wallen home on Cypress street. The price paid was not given out for publication.

Harris & Speakes, of Paris, sold Saturday, on the premises at public auction the farm of Mr. S. A. Farris, near Donerail, in Fayette county, for an average of \$237 an acre. The farm, containing 136½ acres, was sold in two tracts, one of eighty acres, with improvements going to Mordecai Myers, of Bourbon county, for \$252.55 an acre, and the second containing 56½ acres, sold to Ben F. Buckley, of near Centerville, for \$215 an acre. The sale was conducted by Auctioneer George D. Speakes, of Paris. There was a good attendance, with spirited bidding.

NEW DRYER IS NEARING COMPLETION.

The big force of workmen engaged for several months in building the Liggett & Myers Co.'s big redryer, in this city, have brought the structure close to the final stages of completion. When ready for business the redryer will be able to handle a season's run of practically 9,000,000 pounds of tobacco. The recent heavy rains have brought tobacco in fine "case" for stripping, and in every section of the county farmers are commandeering labor at good prices to put the weed in condition for the early market. About seventy per cent. of the crop in Bourbon county is fine in color, texture and weight, and will command high prices when the Paris market opens up in December. Few crops have been sold. Mr. Edward Burke bought the half-interest of H. B. Pence, of near Paris, in a crop of 35,000 pounds for 37½ cents per pound, straight.

SUPPLEMENTAL REGISTRATION

To-day and to-morrow will be supplemental registration days. All persons who failed to register on the regular registration day by reason of illness or being out of the city, should go to the office of County Clerk Pearce Paton and make affidavit. Don't lose your vote!

MATRIMONIAL.

ELLIOTT—ROSE.

—Miss Clara May Elliott, daughter of Mrs. Harriett Elliott, of near Paris, and Mr. Ira Rose, also of the county, were married at the home of the bride near Paris, by Rev. T. C. Stackhouse. The witnesses were members of both immediate families.

BREEZE—GOOCH.

—Mr. William Gooch, Lexington business man, and Miss Lula R. Breeze, of Detroit, Mich., were married in the parlors of the Baptist church, by Rev. R. C. Goldsmith, pastor of the Paris Baptist church. They returned to Lexington immediately after the ceremony.

HUDSON—BRIGHTMAN.

—Miss Virginia Hudson, recently of Millersburg, and Sergt. Grant L. Brightman, of Camp Upton, Long Island, New York, were married recently at Greenwich, Conn. The bride is a daughter of the late Rev. D. T. Hudson, formerly of Millersburg, and has been engaged in newspaper work on the Greenwich News-Graphic. The ceremony was performed in the editorial rooms of the News-Graphic.

SMITH—DOYLE.

—Friends and relatives of the groom in this city have received beautifully engraved invitations, worded as follows:

"Mr. and Mrs. Octavius Hopkins Smith request the honour of your presence at the marriage of their daughter, Laura Avis, to Lieutenant Martin Augustus Doyle, United States Coast Guard, on Wednesday, the thirtieth of October, at high noon, Saint Michaels Church, Pensacola, Florida."

RICE—BERRY.

—The wedding of Mrs. Louise Walker Rice, of Georgetown, and Mr. Bailey D. Berry, of Lexington, was solemnized at high noon Saturday at the apartment of Mrs. Rice's sister, Mrs. Robert Pryor, at the Puritan, in Louisville. Rev. W. W. Landrum was the officiating minister. The bride, who is the sister of Mr. Jefferson Davis Grover, of Georgetown, and who is a frequent visitor of Mr. and Mrs. Younger Alexander and Mrs. Corneal Kinkead, wore a dark blue traveling suite and large taupe trimmed in ostrich feathers. She wore a corsage of violet and pink orchids.

The groom, who is a very successful lawyer of Lexington, is a member of one of the most aristocratic families in Kentucky. Mr. Berry is originally from Cynthiana and is the son of Mrs. John Berry. Mrs. Asa Jewell, of Lexington, is his sister. His first wife was Miss Lizzie Withers, of Cynthiana, a sister of Mrs. Jos. W. Davis, of Paris.

The only attendants were Miss Alice Pryor and Seaman Bailey Dawson Berry, Jr., U. S. Navy R. F. The several reception rooms were attractively decorated in chrysanthemums, carrying out a color scheme of pink and white. The ceremony was followed by a buffet luncheon, the guests to the wedding being Mr. and Mrs. Robert Pryor, Miss Alice Pryor, Miss Frances Jewell, of Lexington; Mrs. Katherine Davis Craig, of Paris; Mr. and Mrs. W. W. Landrum, Mrs. Fred Jewell, Miss Kitty Withers Berry, Mr. Bailey D. Berry, Jr., U. S. N.; Mr. Jack Berry, of Lexington, and Mr. J. D. Grover, of Georgetown.

After the wedding Mr. and Mrs. Berry returned to Lexington, where they will be at home 212 South Ashland avenue.

CONGRESS EXPECTS SPEEDY ACTION ON DEFICIENCY BILL

WASHINGTON, Oct. 28.—Congressional leaders to-day expected speedy action by the Senate and House conferees on the six-billion-dollar deficiency bill, passed late yesterday by the Senate.

So Congress is going to aim a blow at high prices. But experience has inspired no confidence in its aim in that direction.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you will have a well, playful child again.

UNTIL CRIMES ARE EXPIATED, PEACE IS IMPOSSIBLE.

(By Octave Forsant, Superintendent of Schools in Rheims, France.) To have pillaged and burned villages, as I have seen, to have bombarded hospitals, poisoned springs, and without any military justification, to have devastated whole regions and destroyed the artistic treasures of mankind; to have killed women and mutilated children, during the years when the populations were held conquered; to have cast aside, in the name of God, but with a Satanic use of science, the warrior's virtues and substituted for them, premeditated and wholesale assassination; there is the work of the German military caste.

So long as such crimes shall not have been expiated, the war must continue; so long as humanity can fear the return of similar atrocities, peace is impossible.

In order to preserve, from the barbarians, the precious victories of a civilized world; in order to guarantee our children against the universal oppression of brutal force; in order to assure the rule of liberty, of justice, and of right; in order to save the world, there must be no peace until these crimes are expiated.

SINCERE GRATITUDE

Mrs. William Bell, Logansport, Ind., writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

The man who tells with pride all about the first thousand dollars he ever made it apt to be more reticent about the last thousand.

PRESIDENT'S PERSONAL REPRESENTATIVES ARRIVE IN EUROPE.

WASHINGTON, Oct. 28.—Col. E. M. House, personal representative of President Wilson and spokesman of the State department, and Admiral William S. Benson, chief of naval operations, have arrived in France to represent the United States in the consideration of Germany's plea for an armistice and peace negotiations.

Col. House is accompanied by Gordon Auchincloss, his son-in-law, Joseph G. Grew, chief of the State department's division of Western European affairs, and former Secretary of the American Embassy at Berlin, and Frank I. Cobb, of New York. It is understood Col. House is prepared to speak for the President in any negotiations that may be conducted, concerning questions to be determined before the military men give the terms on which an armistice would be possible or for the formulation of concrete terms upon which peace may be made whenever the Germans are ready to surrender.

Admiral Benson is expected to represent the United States navy in the discussion of naval questions, as General Tasker H. Bliss represents the army on the Supreme War Council.

The fact that Colonel House left for Europe several days before President Wilson's final reply to Germany was dispatched is further proof that every step of the President's negotiations with Germany has been taken in full accord with the Entente governments. It also is taken to indicate that decision to transmit the German plea to the Allies under certain conditions was reached even before the last note from Berlin was received.

Col. House long has been recognized as the logical selection by the President to represent him in such conferences as now are to be held. Not only is he closer to the President probably than any other living man, but he is believed to be peculiarly fitted for the task at hand. He has made frequent trips to Europe since the war began in 1914, conferring with leaders in the leading belligerent nations and more than a year ago he was charged by the President with gathering data for use at the peace conference.

Col. House selected as his assistants in this work a number of experts in certain fields and a great mass of information has been gathered. Much of it has been assembled at the headquarters of the American Geographical society in New York, and on his last trip to that city after the first German note was received, President Wilson examined the data in company with Col. House.

GERMANS PROMISE TO RELIEVE BELGIAN PRISONERS.

WASHINGTON, October 28.—Release of all Belgian political prisoners held in Belgium or in Germany, except where a military menace would result, has been promised by General von Kalkhausen, German military governor of occupied Belgium territory. This became known here to-day in connection with the news that Burgomaster Max of Brussels had been set free.

BRONCHIAL TROUBLE.

YOU CAN'T FIND ANY DANDRUFF AND HAIR STOPS COMING OUT

Save Your Hair! Make It Thick, Wavy, Glossy and Beautiful At Once.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A small trial bottle will double the beauty of your hair.

ASTOUNDING WORK DONE BY BIG U. S. NAVAL GUNS.

WASHINGTON, Oct. 28.—Announcement from France that American 16-inch naval guns, manned by naval gun crews, have come into action with the American army at the front disclosed that through efforts of the ordnance officials of the navy General Pershing's forces are now equipped with the most powerful and hardest hitting weapons yet used in the present war, ashore or afloat, so far as is known.

The 16-inch rifles are similar to those designed for use aboard the the newest American dreadnoughts. They are 50 caliber, more than 66 feet in length and weigh approximately 100 tons without their carriages.

Without question they are the longest range guns in use except the German super-guns, which are regarded merely as a mechanical freak.

The projectile weighs close to a ton and its bursting charge of the most powerful explosive known, is measured in hundreds of pounds against the few pounds in the German super-gun shell. The destructive effect is enormous.

ACCOUNTANTS DEMANDED

Capable men and women wanted to train at once, without interfering with their present duties, for auditing, cost production, controllers (and executive) accountancy work paying \$2,500 to \$6,000 annually at the start.

The Government is urgently calling for executive accountants and assistants by the thousands for cost investigation in the basic industries for assisting in the collection of billions of income and other war taxes. Nearly every large corporation in the country is appealing to accountancy organizations for additional accountants, to facilitate industrial expansion and calculate heavy Federal taxes—this is essential war and after-the-war work.

The demand for general accountants, auditors, cost accountants and certified public accountants is so great that the available supply is entirely exhausted; and for this reason the treasury has suggested to President Wilson that accountants be recognized as a class essential to the war, and that they not only be exempted from draft, but that some plans be worked out to discourage their voluntary enlistment and to recognize their value in industrial service.

Our organization, the largest and best equipped of its kind in the world, has been called upon to train new men and women for executive positions in the accounting field. With us you get the direct personal guidance of the largest staff of accounting and business experts, including certified public accountants and members of the American Institute of Accountants, ever organized for giving instruction in the higher accountancy field.

Thorough instruction given for the C. P. A. examination. You don't have to understand bookkeeping. We train you from the ground up. Hundreds of men whom we have helped to bigger paying positions report salary increases from one to four times what they formerly earned. State age, present employment and if possible your telephone number. All communications strictly confidential if desired. Address

SPANISH INFLUENZA

Resembles Old Fashioned Grip

The symptoms of Spanish Influenza are very similar to old fashioned grip—pains throughout the body, extreme dizziness, sleepiness, chills, high fever, headache, disturbed digestion with running at the nose and eyes and excessive spitting, showing an inflammation and congestion of the mucous linings.

Manifested by Catarrhal Condition

With the first symptoms of Influenza, it is well to consult your family physician at once. It is not the disease itself that is to be feared so much as it is the complications which may follow. To ward off Spanish Influenza or as an aid to returning health after an attack, nothing is any better than Dr. Hartman's World Famous Peruna.

For Catarrh of Every Description Take PE-RU-NA

The well known and direct action of Peruna in restoring and maintaining a healthy condition of the mucous membranes throughout the body makes it the greatest disease preventing and health restoring remedy known to science.

For forty-five years Peruna has retained its title as a reliable safe-guard to the health of the American family.

Any surplus will be divided pro rata.

WELD SEVEN WAR WORK AGENCIES INTO RELIEF ARMY

Great Organizations Which Are Helping to Keep Up the Morale of Fighting Millions Unite in Campaign for \$170,500,000.

With millions of American men on war fronts, in training camps and on the seas and with thousands of American women on foreign soil, all engaged in the stupendous task of making the world safe for democracy, a great duty devolves upon those who remain in the United States—the duty of sending Home to those who have put Home behind them for the period of the war. The agencies through which this can be accomplished are joined in the United War Work Campaign.

From being given the cigarette or chocolate bar, with which he stays his hunger in the fury of battle, to the theatrical entertainment or the athletic games, which relax him into normal comfort after weeks of terrific combat, the American fighter is dependent upon the continued efforts of the Y. M. C. A., the Y. W. C. A., the National Catholic War Council and K. of C., the War Camp Community Service, the Jewish Welfare Board, the American Library Association and the Salvation Army. To carry on this work the combined welfare organizations are seeking a fund of \$170,500,000.

The Y. M. C. A. provides 538 huts in American training camps and more than 800 in the war zone as centres which the fighters can use as clubs, schools, theatres, stores, churches, libraries and writing rooms. More than 7,000 men and women had been sent overseas or approved for overseas work by early autumn and 3,822 were serving in American camps at home.

Y. M. C. A. huts are the canteens of the American Expeditionary Force and are the theatres where the American entertainers, sent over by the "Y," appear. Noted American public men and clergymen speak in the huts. Classes are conducted there. Millions of letters are written there on paper provided free by the "Y." Physical directors of the "Y" teach and spread mass athletics, using material furnished free by the organization.

The Y. W. C. A. does similar work for the thousands of American women in war work overseas—signal corps, telephone operators, nurses and French munition workers. It provides cafeterias, rest and recreation centres, entertainment and reading for these women and girls.

The Y. W. C. A.'s outstanding contribution to soldier welfare work in training camps was the establishment of Hostess Houses, where the soldier or sailor may receive his mother, wife, sister or sweetheart in the surround-

ings and atmosphere of the best homes.

The National Catholic War Council co-ordinates all Catholic welfare work in support of the government and through the K. of C. provides club-houses for our fighters in all American training camps, as well as having seventy-five centres in France and three in England. In their huts the K. of C. provides entertainment, movies, boxing bouts, educational work, religious services, free stationery, reading matter and writing rooms. In France their rolling canteen accompanies the American army, their secretaries march with the troops, giving away cigarettes, cookies, chocolates, soap and towels.

The K. of C. had 300 workers in France at the beginning of autumn, with 450 more passed by the government and 200 others signed up. At the same date they had 468 secretaries in American training camps, 150 buildings, fifty-six more in the course of erection and contracts let for fifty more.

War Camp Community Service functions exclusively in America, its special mission being to "surround the camps with hospitality." In place of leaving the soldier or sailor to the promiscuous companions and diversions formerly his lot, the organization obtains for him the best to be had in communities adjoining camps or through which he passes.

W. C. C. S. obtains for him invitations to dine, bathe or spend the day in the best homes. It introduces him to the best women and girls at social gatherings, church entertainments, theatre parties. It arouses communities to provide concerts, athletic contests and other wholesome diversions for the soldier, and to drive out or discourage the vicious elements which have been historic camp followers.

The Jewish Welfare Board is correlating the strength and purposes of 100,000 Jewish soldiers, sailors and marines with that of the Gentile soldiers. The board teaches the English language, American civics and ideals to thousands of young Jewish men who were inducted into service after only a few years' residence in this country. While safeguarding his religious rites, the board assists in the process of welding the Jewish soldier into the solid American unit and in bridging over the differences between him and the others.

The American Library Association is providing reading matter for every American soldier, sailor, marine and prisoner of war. In addition to gathering and forwarding three million books contributed by the American people the association bought 500,271 books, mostly technical, of which 198,267 were sent overseas. More than 1,500,000 books of all kinds have been assigned to libraries in Y. M. C. A., K. of C. or Salvation Army huts in the war zone, a similar number being distributed in American training camps, while half a million are on warships or transports. The association has erected and operates forty-one library buildings.

The Salvation Army, with 1,210 workers, principally women, overseas, has won the affection of the fighters. Its 501 huts, rest and reading rooms are popular gathering places for the soldiers. The doughnuts fried by Salvation lassies in huts or trenches and given to the men have become famous around the world. The Salvation Army gave forty-four ambulances to the American and Allies' armies and in many other ways gives constant unselfish service.

Why You Should Give Twice What You Did Before

The government has fixed the sum needed for the care of the men in the service at \$170,500,000.

Unless Americans give twice as much as ever before our soldiers, sailors and marines in 1919 may not enjoy their

- 3,600 recreation buildings
- 1,000 miles of movie films
- 100 stage stars
- 2,000 athletic directors
- 2,500 libraries supplying 3,000,000 books
- 85 hostess' houses
- 15,000 "Big Brother" secretaries
- Millions of dollars of home comforts

Give to maintain the morale that is winning the war now

"No American May Refuse," Cardinal Gibbons Says

James Cardinal Gibbons, the leading Catholic churchman in America, has issued a strong appeal in support of the United War Work Campaign.

"It is an American campaign," he said. "Its appeal is one that no American may refuse. America's answer will be another triumphant announcement that we are in this war as one people and as one nation to see it through to victory. Into the splendid work of sustaining the morale of our fighting men the great social organizations of America have thrown themselves. The American people will raise the sum they ask—generously and gladly."

CATHOLIC BOYS JOIN WAR WORK CAMPAIGN

Girls, Too, Will Stand With Them Behind Every Fighter at the Front.

To put behind every Catholic fighter in France the support of one boy or girl in every parish throughout the United States is the plan of the National Catholic War Council for backing the Victory Boys' and Victory Girls' "Earn and Give" Division of the United War Work Campaign to raise \$170,500,000 "for the boys over there" during the week of November 11-18.

Through diocesan, county and parish organizations, the rallying of one youngster for every man who has gone to war in every community is already under way. By their own earnings, and not by contributions, it is expected that these sturdy little sponsors for the boys abroad will each raise at least five dollars for the joint welfare work of the Y. M. C. A., Y. W. C. A., National Catholic War Council, including the Knights of Columbus, War Camp Community Service, Jewish Welfare Board, American Library Association and Salvation Army.

Boys and girls in every Catholic parish throughout the United States are already being picked to represent each fighting man who has left their church for the front. In every home that flies a service flag little brothers and sisters, sons and daughters, are eagerly volunteering to look out for the share of their family fighter in the huge joint welfare campaign for all the boys abroad.

BOOKS FOR SOLDIERS SUPPLIED BY A. L. A.

English Camp Shows the Good Work of That Organization for Our Boys.

Something like 13,500 pieces of stationery are distributed daily among 4,000 enlisted men by Uriah B. Brubaker of Iola, Kas., as librarian at the Y. M. C. A. writing tent, Woodley Rest Camp of the American Expeditionary Forces in southern England. The number of troops at this camp varies from 3,000 to 9,000.

This single detail indicates why it is necessary for the Y. M. C. A., Y. W. C. A., National Catholic War Council and K. of C., War Camp Community Service, Jewish Welfare Board and Salvation Army have to furnish 325,000,000 sheets a month for soldiers' letters.

Hundreds of books are taken out in this small camp, books furnished by the American Library Association and handled by the Y. M. C. A. Most of the demands are for a good class of fiction. Thirty American newspapers are received there daily. One hundred and fifty magazines are in use daily and 400 pieces of athletic equipment furnished by the "Y" are put to good use.

RUSSIANS MUST BE IMITATING GERMAN "KULTUR."

STOCKHOLM, October 28.—Executions are the most merciful part of the Red Terror practiced in Moscow and Petrograd, according to several neutral observers, who have just arrived in Sweden.

While thousands, perhaps, have been executed, the list of victims is far less appalling than the ruthless manner in which political prisoners have been sent to death without a

semblance of legal trial, the heartlessness with which they were treated and the utter indifference of the Bolshevik officials to appeals of heartbroken relatives who have been kept in suspense and not allowed to learn what has become of loved ones.

Verified stories of scenes at Moscow and Petrograd prisons eclipse descriptions of the barbarism of the Middle Ages and make the cruelties of the French Revolution seem almost humane. Women prison officials, and many of them are women, are even more heartless than men and trample under foot all the better instincts expected of their sex. In Petrograd, Madame Jakovleva has been placed at the head of the commission for suppression of counter revolution, and it is greatly to her credit that the terror has abated somewhat under her administration. She apparently hesitates to shoot and imprison with the same indifference that characterized the regimes of Moses Uritsky and William Shatoff, an American-trained anarchist, who held the post for a short time after Uritsky was assassinated late in August.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care-feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like at 10c and 25c per box. All druggists.

MILLERSBURG

Miss Blanche Marshall, of Portsmouth, O., arrived Saturday as the guest of her parents, Mr. and Mrs. Samuel Marshall.

Mr. Raymond Miller returned to his home at Pueblo, Colo., Sunday. He has been here since the critical illness of his brother, Dr. W. M. Miller.

Mrs. Samuel Marshall, son and daughter, Mr. Earl Marshall, and Miss Blanche Marshall, the latter of Portsmouth, O., were guests of relatives in Carlisle, Sunday and Monday.

A mid-day prayer meeting was held in the homes here Sunday. All the church bells rang for a time, and every home was expected to conduct a short prayer service, which was done in many of them.

Everything brought good prices at the sale of Mr. D. M. Hurst, on Thursday, and Mr. Farris, on Friday. The two families have not definitely decided just where they will move to.

The Millersburg Red Cross Chapter shipped a box of the following refugee and hospital garments: Forty-five ladies' morning jackets, fifteen girls' petticoats, twenty-eight bed socks and twenty-three pajamas.

Miss Effie Tackett, of Owingsville, is with her sister, Mrs. Thomas Stone, assisting in caring for the family suffering with influenza. The oldest son, Willie Stone, has developed pneumonia, and is seriously ill.

Harry Hutchcraft, of Louisville; Mr. Lee Miller, and Miss Mary M. Miller, of Atlanta, Ga., and Raymond Miller, of Pueblo, Colo., who came here to attend the funeral of Dr. W. M. Miller, have returned to their respective homes.

Influenza still continues in Millersburg. Many of our people are careful, cautious and prudent, and are doing much to help to stamp out the dreaded malady. The crowds about the loading places are smaller, many people are staying at home and do not come to town except on business. Marshal Linnville is dispersing crowds where he finds them together. There is less loafing about the depot, though the homes are not placarded. The inmates are compelled to stay in. If this was only done and every one co-operate together the influenza would soon be a thing of the past in Millersburg. The following is a partial list of patients: Several members of the family of Mr. Chas. Robertson, Mr. G. W. Johnson, Dr. H. M. Boxley, Mr. and Mrs. Earl Imko, three children of the family of Mr. Arthur Robertson, Miss Margie Bowles. It is also said to be in the family of Lewis Young, colored, and a few other colored families, whose names we have not been able to obtain.

DEATHS.

OWENS.

Harry Owens, of Michigan, a well-known traveling man, died of influenza in Manchester, Ohio, last week, after a short illness. He was a cousin of Mr. Jesse Owens and the Misses Owens, of Paris.

Mr. Owens, who traveled for a large furniture manufacturing concern in Michigan, was a frequent visitor in Paris, and had expected to be here this week, having ordered his mail forwarded here.

FLANDERS.

The funeral of Mr. George Flanders, aged thirty, who died at his home in North Middletown, this county, Thursday night, after a long illness, was held Friday afternoon, with services conducted at the grave in the North Middletown Cemetery by Rev. Frank M. Tinder, pastor of the North Middletown Christian church. The pall-bearers were Wm. Flanders, Adrian Flanders, Clay Reed, Otis Johnson, John Willie Jones and Lawrence Mitchell.

Mr. Flanders was a son of Mr. W. R. Flanders, of the North Middletown precinct, and was well and favorably known as an upright, honorable man who was highly esteemed by all who knew him. He is survived by his wife, formerly Miss Maude Johnson, and three sons, Robert, John and Shirley Flanders, one daughter, Miss Thelma Flanders and his parents, Mr. and Mrs. William R. Flanders.

HUME.

Mr. Robert Hume, aged twenty-five, formerly of Paris, died at St. Joseph's Hospital, in Lexington, Saturday night, after a short illness of pneumonia. The body was brought to Paris yesterday afternoon. The funeral was held at four o'clock, with services conducted at the grave in the Paris Cemetery by Mr. A. L. Boatright. The pall-bearers were: Forrest Letton, Jr., Robert C. Frakes, Dr. Ernest Hosler, S. Kenney Nichols, Dee Hume and George Batterton.

Mr. Hume was a son of the late Orlando Hume and Lula Moore Hume, who resided on a farm near Clay's Cross Roads, in this county, for several years, and who preceded him to the grave several years ago. He was an expert horseman, and before his illness was engaged in training a large string of thoroughbreds near Lexington. He is survived by one brother, Mr. Matthew Hume, of Louisville.

CROSTHWAITE.

The funeral of Mr. Charles B. Crosthwaite, a former resident of this city, who died in Chester, Pa., last week, was held Saturday morning at eleven o'clock, with services held at the grave in the Paris Cemetery by Rev. George R. Combs, pastor of the Paris Methodist church. Mr. Crosthwaite was a son of the late Mr. Wm. H. Crosthwaite, and was born on the Crosthwaite farm on the North Middletown pike, sixty-five years ago. He was for a time engaged in business in this city, and afterward took a position as traveling salesman. He was on a business trip in Pennsylvania when stricken with the illness which resulted in his death. Mr. Crosthwaite was a brother of the late Mrs. S. Lilliston, of this city. He is survived by his widow,

Mrs. Emma Crosthwaite, of Kansas City, Mo.; three children, Mrs. Mary C. Brown, of Arkansas; Miss Helen Crosthwaite, and Mr. Ralph Crosthwaite, of Kansas City, Mo.; also by one brother, Mr. J. D. Crosthwaite, of Birmingham, Ala.; and one sister, Mrs. Blanche Aker, of Ohio.

FITZGERALD.

William Fitzgerald, son of Mrs. James Fitzgerald, of South Main street, died in Hamilton, Ohio, Friday, of influenza. The body was taken to Brooksville, Ky., for burial. Those from Paris who attended the funeral were Mrs. James Fitzgerald, James Fitzgerald, Miss Mayme Fitzgerald, William Stephens, also Mrs. James Mullholland, of Georgetown.

SWEENEY.

Mr. Michael C. Sweeney, aged thirty-eight, died at his home in Lexington, after a short illness of influenza. The funeral was held in Lexington, Saturday, followed by burial in the Catholic Cemetery. Mr. Sweeney was a brother of Mr. William Sweeney, of Paris. Besides Mr. Wm. Sweeney he is survived by three brothers and one sister, Mrs. Arthur Atchley, of Dayton, Ohio.

TAYLOR.

Mr. Homer Taylor, aged about thirty-two, died at the home of his father-in-law, Mr. W. H. Bishop, at Hooktown, near Millersburg, after an illness of ten days with a complication of influenza and pleuro-pneumonia. Short funeral services were held at the grave in the Millersburg Cemetery. Mrs. Taylor and her little babe, who have been ill with the influenza, are reported as being some better.

INGELS.

Loretta Ingels, the one-year-old daughter of Mrs. George W. Ingels, died at Cynthiana, of influenza. The child's father died about a week ago in Toledo, Ohio. The body was brought to Paris, accompanied by Mrs. Ingels and her three children. Mrs. Ingels then went to Cynthiana to visit her parents, Mr. and Mrs. Frank McElhiney, and her daughter was taken ill there.

BOWEN.

The funeral of Mr. Ira Bowen, who died at the Massie Memorial Hospital, in this city, Friday night, following an operation for appendicitis, was held Sunday afternoon at 2:30 o'clock. Services were conducted at the grave in the Paris Cemetery by Rev. W. E. Ellis, pastor of the Paris Christian church, after which the committal service of the Knights of Pythias, of which he had been a prominent member, was used by representatives of the local lodge. The pall-bearers were J. K. Cahal, Thos. M. Funk, Louis Wollstein, E. L. Shanklin, Robt. L. Harney and Chas. Green.

BIVINS.

Mr. James Bivins, aged eighty-one, a former resident of Paris, died at the Massie Memorial Hospital, in this city, Saturday morning at four o'clock, of the infirmities of age. The funeral was held yesterday afternoon, with services conducted at the grave in the Jackstown Cemetery, at two o'clock. During his residence in Paris, Mr. Bivins was connected with the Singer Sewing Machine Co. as salesman. Several years ago he moved to North Middletown, where he had resided on a farm until a few months ago. He is survived by his widow, Mrs. Frances Scott Bivins, two sons and three daughters.

PAYNTER.

The funeral of Mr. Charles D. Paynter, aged fifty-nine, who died at his home in Thornton Division, in this city, Saturday, of dropsy, was held Sunday afternoon at one o'clock, with services conducted at the grave in the Paris Cemetery, by Rev. W. E. Ellis, pastor of the Paris Christian church.

Mr. Paynter is survived by his widow, two sons, Mr. Strother Paynter and Clarence Paynter, both of Paris, and six daughters, Mrs. A. M. McCall, Mrs. Elmer Fouts and Mrs. I. D. Foster, all of Lexington; Miss Ada Paynter, Miss Dorothy Paynter and Mrs. Luther Collins, of Paris.

LEMASTER.

The funeral of Mr. Dell Lemaster, aged thirty-one, well-known and very popular Louisville & Nashville engineer, who died of influenza in the Wilson Hospital, in Maysville, Friday morning, was held Sunday afternoon. The body was brought here from Maysville, and taken to the Paris Cemetery, where services were conducted at the grave at four o'clock, conducted by Rev. George R. Combs, pastor of the Paris Methodist church. The ritual of the Masonic order of which he was a member, followed the services as the body was committed to the grave.

The pall-bearers were Thos. J. Kiser, Dr. W. R. Franklin, M. E. McCurdy, W. C. Snapp, Robert E. Lusk and M. H. Davis. Mr. Lemaster had been in the employ of the Louisville & Nashville for many years. Part of the time he had made his home in this city, residing with Mr. and Mrs. Earl Shanklin, on South Main street. He was one of the most popular men in the L. & N. service, and had a host of friends here and elsewhere who sincerely mourn him. Mr. Lemaster's brother, Mr. Matt Lemaster, also in the employ of the L. & N., died last Tuesday at Soldier, Ky., of influenza. Mr. Lemaster is survived by his parents and two brothers, all of whom reside at Soldier.

STANLEY AND SHERLEY WILL CARRY LOUISVILLE.

The Republicans and their Louisville organ are making loud assertions that their candidates are sure of election in the Fifth District, but they are not sustained by the facts. In the first place the registration shows a safe Democratic majority and it is a well known fact that most of those who registered as independent will vote for Stanley and Sherley. Both will carry the district by safe majorities since most people who give the matter thought, recognize the overwhelming merits of each. They know that Governor Stanley has made a splendid record as Congressman and as Governor and has kept full faith with the people, while Mr. Sherley's position in Congress makes him almost indispensable in the winning of the war. As chairman of the Appropriations Committee he has had to handle all the war expenditures and his services have been such as to make even his enemies praise him. Uncle Joe Cannon, who once held the position, saying that he has made the best chairman he has ever known. President Wilson needs both Sherley and Stanley to give him the unflinching assistance for which he appeals and the voters of the Fifth District will respond most loyally. The effort to make the impression in the country that Louisville will repudiate both is a falsehood that can only be characterized properly by the shorter and uglier word. Put no confidence in it, but do your best to make the majorities of Stanley and the other Democratic nominees record breaking.

BIRTHS.

Extracts From Gov. Stanley's Speeches.

On March 16, 1918, Governor Stanley made a speech in Cincinnati, Ohio. The Cincinnati Enquirer, a Democratic newspaper, in its issue of March 17, 1918, reports his speech as follows:

He also sailed into the Prohibitionists by declaring there is little use of our boys laying down their lives for liberty in France "if a lot of fanatics and cranks" are allowed to deprive Americans of liberty at home. "These fanatics are worse tyrants than the Kaiser, and are bigger fools," was his parting shot.

This was quoted in an editorial in the Lexington Herald, also a Democratic newspaper, in its issue of date March 19, 1918, and that paper made this comment:

Would it not be better for the Governor of Kentucky, in whom is invested the supreme executive power of the State, to exert himself to provide a force to preserve peace in Kentucky, than to be "over there"—across the Ohio—declaiming about "pellets of lead from flaming rifles" and denouncing Prohibitionists as "worse tyrants than the Kaiser and bigger fools?"
